RTL Price \$29.95

Assortment #701

Nylon Assortment (2-56 to 8-32)

Here's a great assortment of the smaller Nylon Screws and Washers. (This set would cost \$44.50 at hobby shop prices!) Many uses in model building (cowl, canopy, landing gear, hatches, etc.). Saves weight compared to steel screws and is gentler on plastic and fiberglass. A really handy set to have at the building table.

12 each of Nylon Pan Head Slotted Screws: 2-56x1/2, 2-56x1, 4-40x1/2, 4-40x1, 6-32x1, 6-32x1-1/2, 8-32x1, and 8-32x1-1/2; Plus 50 each of Nylon Washers: #2, #4, #6, and #8.

Total pieces = 296 Plus 1 Organizer.

RTL Price just \$22.95

Assortment #670

After purchasing from RTL.....

“..... I didn't have to stop what I was doing and drive 20 miles (round trip) for the parts. I'm already convinced this was a great purchase.” Paul T. from California

“Wow,... got my 1st order very quickly. Thank you very much for your quick response. I looked my shipment over and everything looks great “Top Quality”.

Jon B. from Delaware

RC Report on The Master Assortment

#5000.....“Okay, so much for the accessories. What about the hardware itself? Each of the different pieces comes in its own plastic bag labeled with the name, size, quantity, and part number. Some of the bags even had an inspection sticker indicating that someone had opened the bag and counted the pieces to make sure it held the correct amount. That made me curious, so I opened and counted the pieces in some bags that *hadn't* been inspected. I didn't find any shortages, but I found two bags containing *more* items than indicated!”

“Yeah, I think I got my money's worth alright.”

New Bondhus ProHold Balldrivers...New Technology Balldrivers By Bondhus™ Lifetime Warranty!

It's really a pleasure to work with these balldrivers! Introducing the very latest in Balldriver technology, "THE PROHOLD(tm) BUTTON". They lock in place for a true non-slip application. *And, you can put the screw on the Balldriver first, and then place it where it goes!* This is a major improvement over the "old style". Available in Standard L Wrench Design, and Screwdriver Handle Type. **(All tools are available in sets and singles, and are backed by RTL and The Bondhus Lifetime Warranty)**

Most "off the shelf" balldriver sets come with sizes you will never use...so, as an added benefit, we have customized our balldriver sets with the hobbyist/modeler in mind. You pay for just the sizes you really use!

Handle type

"L" wrench Type

The "ProHold Button"

- Does not weaken tool
- Holds screws snug on tool
- Does not interfere with tool rotation
- Stripping does not occur when pressure is applied
- Rust proof, Non-magnetic
